

## **David Christie**

collector of limited edition car models

Some 400 limited edition car models are on public display for the very first time. The car models are on loan from car model enthusiast, Mr David Christie. David Christie has been a car buff from the tender age of three. David charts his life through the cars he has driven, played with, sat in and coveted. Another of David's passion is the Mini. To celebrate the Mini's 50 anniversary this year, a small model car collection will be displayed at the museum from September to October 2009.

## **Exhibition designers**

from School of Design, Nanyang Polytechnic

To promote 'real' learning, Singapore Philatelic Museum together with the lecturers of the School of Design at Nanyang Polytechnic created an exercise for the Year 3 students. The assignment was to design an exhibition based on the theme "From Vintage to Grand Prix". The winning team would work with the museum on the exhibition, from design layout to installation.

This collaboration provided the students with the opportunity to work on an actual museum exhibition, where students had a 'taste' of the real working world.

The four students who designed the exhibition are:

- Hong Yao Zhong Alexz, School of Design, Visual Communication, Year 3
- Fazal Khan, School of Design, Visual Communication, Year 3
- Marialaura Lui, School of Design, Space and Interior Design, Year 3
- Mah Ming Ying, School of Design, Space and Interior Design, Year 3
